

I would like to extend my gratitude to Lynne for the wonderful work she has done for my family and I, including our community.

I am ever so grateful that our paths crossed and that Lynne was able to assist my daughter and I with our healing journey and a beautiful journey it has been. She has absolutely changed our lives for the better in so many ways!!

Lynne really helped our community to heal and grow. Our trees were dying, the squirrels and birds wouldn't return. Our community were experiencing a crisis and negative events were occurring in our daily lives however Lynne very kindly offered to assist a community in need and Wow!! What a phenomenal positive change we have experienced! The energy is flowing beautifully and our trees are standing tall, the flowers are blooming and the birds are singing. It warms our hearts to see that our fellow squirrels have returned and there is peace and harmony.

Lynne continued to do her excellent healing work in our home which needed cleansing. We had a family living in our home that had passed on in a tragic accident and had not left this earth realm. At times we would feel the sadness and the tragic loss of their lives. We are so grateful that Lynne could assist the family with their journey home and to be free. The house cleansing made a huge difference and positive impact in our home and lives so much so that the decision to sell the family home was withdrawn.

Lynne always goes the extra mile and continues to inspire us, to believe in ourselves and to have faith. She is truly a beautiful human being and we feel blessed to have worked with her.
